## IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re Patent Application of ) **MAIL STOP AMENDMENT**  
 Anders Stenberg )  
 Application No.: 09/879,151 ) Group Art Unit: 3761  
 Filed: June 13, 2001 ) Examiner: CATHARINE L ANDERSON  
 For: ABSORBENT ARTICLE ) Confirmation No.: 4114

**THIRD INFORMATION DISCLOSURE STATEMENT**

Commissioner for Patents  
 P.O. Box 1450  
 Alexandria, VA 22313-1450

Sir:

In accordance with the duty of disclosure as set forth in 37 C.F.R. § 1.56, the accompanying information is being submitted in accordance with 37 C.F.R. §§ 1.97 and 1.98.

The documents are being submitted after a first Office Action on the merits but prior to the closing of prosecution, therefore under 37 C.F.R. § 1.97(c), the fee set forth in 37 C.F.R. § 1.17(p) is enclosed.

The attached information relates to the alleged prior use documentation filed by the opponent Paul Hartmann AG against the corresponding European patent no. 1292258.

The opponent alleged that Molicare ® incontinence products were sold by them in 1999 and which had a color code in the form of narrow stripes indicating the absorption capacity of the product. A wetness indicator is arranged in a longitudinal centre of the absorbent article in the wetness area of the absorbent core. The wetness indicator is not arranged on the stripes, nor is it arranged adjacent the narrow stripes. The colored narrow stripes are arranged along the side portions of the article while the central area of the article, in which the wetness indicator is arranged, is free from these stripes.

The arrangement of the colored narrow stripes is not such that it provides an indication of where to find the wetness indicators. The colored stripes are in fact located in areas outside the actual wetting area, where the wetness indicators usually are placed. The location of the stripes and the wetness indicator does not correlate to each other.

A fee of \$ 180 as set forth in 37 C.F.R. § 1.17(p) is enclosed.
